

Meeting of the Sandy Springs City Council was held on November 1, 2022, following the Work Session, Mayor Rusty Paul presiding.

I. Call to Order

Mayor Rusty Paul called the meeting to order at

II. Roll Call and General Announcements

Members Present: Mayor Rusty Paul, Councilmember John Paulson, Councilmember Melody Kelley, Councilmember Melissa Mular, Councilmember Jody Reichel, Councilmember Tibby DeJulio, Councilmember Andrew Bauman

III. Pledge of Allegiance

Mayor Rusty Paul led the Pledge of Allegiance.

IV. Public Comment

1. **Amanda Collins, 5164 Powers Ferry Road, Sandy Springs** - Bow hunting in SS
2. **Cynthia George, 5176 Powers Ferry Rd NW, Sandy Springs** - Banning bow hunting
3. **Patty Berkovitz, 800 Crest Valley Drive, Sandy Springs** - Ban hunting by gun, bow and arrow, crossbow
4. **Kathy Battaglia - 5156 Powers Ferry Road, Sandy Springs** - Ban bow hunting

V. Approval of Meeting Agenda

Motion and vote. A motion was made by Councilmember Tibby DeJulio, seconded by Councilmember Melody Kelley, to approve the meeting agenda. The motion carried by unanimous vote.

VI. Consent Agenda

Motion and vote. A motion was made by Councilmember Jody Reichel, seconded by Councilmember Melissa Mular, to approve the Consent Agenda. The motion carried by unanimous vote.

A. 2022-298 Meeting Minutes

October 18, 2022 City Council Work Session
October 18, 2022 City Council Meeting

- B. 2022-299 Request for Mayor and City Council Consideration of the Acceptance of an Agreement to Purchase Real Estate on Property Located at 7780 Spalding Drive in Land Lot 313 of the 6th District, City of Sandy Springs (Tax ID# 06-0313- LL-011-7); T-0066 Holcomb Bridge at Spalding Operational Improvements Project**

Resolution No. 2022-11-157

VII. Presentations

There were no presentations.

VIII. Public Hearing

A. 2022-300 TA22-0008

Request for Mayor and City Council Consideration of an Amendment to Section 1 - Landscape, Tree and Buffer Submittal Plans and Planting Standards of the Sandy Springs Technical Manual

Catherine Mercier-Baggett, Sustainability Manager, presented an Amendment to Section 1- Landscape, Tree and Buffer Submittal Plans and Planting Standards of the Sandy Springs Technical Manual (TA22-0008). Section 1 of the Technical Manual provides supplement information and implementation guidance to Div. 9.3. - Tree Conservation and Div. 8.2 – Landscaping and Screening of the Development Code. The proposed amendment applies to several subsections, with three main changes:

- The first occurs in Sec. 1. A.5. Sample Canopy Calculations where the calculations are better explained through the use of a new example of development.
- The second main change is the update of the Recommended Species List in Sec. 1.M. Nuisance and unsuitable species have been removed, certain species were recategorized based on their canopy size, and additional species have been included in the list.
- The third is the adoption of Sec. 1.N. Sustainable Landscape Practices, a new section, which will guide new landscaping contracts and projects for City property. This section outlines best practices for the selection of plant species and the management of pests. The Sustainable Landscape Practices are a requirement of the City's accreditation as a Bee City USA Affiliate and an achievement that will be included in the Mayors Monarch Pledge report. The goal is to reduce the use of pesticides.

The changes, if approved, will help implement the requirements of the Development Code, increase the diversity of tree species to choose from, and incrementally transform our landscape design and maintenance practices.

Mayor Rusty Paul opened the public hearing.

Support

1. Craig Gilchrist (Sandy Springs Council of Neighborhoods), 9661 Huntcliff Trace

Opposition

1. Karen Meinzen McEnery, 4604 Meadow Valley
2. Jim Newbury, 290 Beachland Drive
3. Tochie Blad, 7320 NE Hunters Branch

Mayor Paul closed the public hearing.

Motion and second. A motion was made by Councilmember Andrew Bauman, seconded by Councilmember John Paulson, to defer the discussion of TA22-008, an amendment to Section 1 - Landscape, Tree and Buffer Submittal Plans and Planting Standards of the Sandy Springs Technical Manual, to the December 6, 2022 City Council meeting.

Councilmember Andy Bauman stated while this is not a major overhaul, it is that issue of significant passion to the community. The City Council should take an opportunity to allow for a public comment period. Staff can set up a process to facilitate public comment. And, it is not necessary for the proposed amendments to go before the Planning Commission, unless there was some special expertise there. Otherwise, it could remain with Staff.

Vote on the motion. The motion carried by unanimous vote.

- B. **2022-301** Request for Mayor and City Council Consideration of Approval of the Draft 2021 Consolidated Annual Performance and Evaluation Report

Michele McIntosh-Ross, Planning and Zoning Manager, presented the Draft 2021 Consolidated Annual Performance and Evaluation Report. In accordance with the federal regulations, 24 CFR, Part 91, the City of Sandy Springs is preparing a draft Consolidated Annual Performance & Evaluation Report ("CAPER") for Fiscal Year 2020-2021. The CAPER is an end-of-year requirement of the U.S. Department of Housing and Urban Development ("HUD"). The purpose of the CAPER is to provide an overall evaluation of federally-funded activities and accomplishments to HUD and the community. The performance report is prepared with public review and comment for the Fiscal Year 2020-2021 CAPER and is submitted electronically to HUD via the Integrated Disbursement and Information System ("IDIS"). The City of Sandy Springs has completed a draft of its 2021 Consolidated Annual Performance Report (CAPER). This report provides an objective assessment of the City's progress toward meeting the Consolidated Plan's five-year goals through yearly Action Plan activities. The 2021 CAPER was available for review on the City's website beginning October 13, 2022 through October 27, 2022.

The projects reported on include implementation of the Roswell sidewalk projects - South 285 and connections between Long Island and Stewart Drive.

There being no public comment, **Mayor Rusty Paul** closed the public comment period.

Councilmember Melody Kelley stated the report advises the Impediments to Fair Housing report is due in 2024. What is that process.

Helen Owens, Planner III/Zoning Administrator, replied in 2020, the City completed a Housing Needs Assessment. Depending on Mayor and Council's guidance, Staff will go over the Needs Assessment after the December, 2022 open house. Then, the City can decide if there will be another fair housing.

Councilmember Kelley asked what happens when the Plan ends in 2022 and the 2023 Plan begins.

Zoning Administrator Owens replied Staff is working on the next five year CAPER, 2023 - 2027. At the November 15 City Council meeting, staff will have a resolution for Council's consideration and will

provide additional details.

Councilmember Kelley asked there was mention to the Next 10 Comprehensive Plan, but there was no mention of the Five-year Update or the housing policy study that is apart of the current Work Plan.

Planning and Zoning Manager McIntosh-Ross stated the presented report is for activities in the previous year.

IX. New Business

- A. **2022-302** Request for Mayor and City Council Consideration of the Appointment of Dawn Davis as Judge of the Municipal Court for the City of Sandy Springs, Georgia

Mayor Rusty Paul presented the nomination of the Honorable Dawn Davis as judge of the City of Sandy Springs Municipal Court. There are two vacancies remaining on the Municipal Court.

Motion and vote. A motion was made by Councilmember Jody Reichel, seconded by Councilmember John Paulson, to appoint Dawn Davis as Judge of the Municipal Court for the City of Sandy Springs, Georgia. The motion carried by unanimous vote.

Resolution No. 2022-11-158

- B. **2022-303** Request for Mayor and City Council Consideration of the Appointment of David Will as Judge of the Municipal Court for the City of Sandy Springs, Georgia

Mayor Rusty Paul presented the nomination of the Honorable David Will as judge of the City of Sandy Springs Municipal Court.

Motion and vote. A motion was made by Councilmember John Paulson, seconded by Councilmember Melody Kelley, to appointment David Will as Judge of the Municipal Court for the City of Sandy Springs, Georgia. The motion carried by unanimous vote.

Resolution No. 2022-11-159

- C. **2022-304** Request for Mayor and City Council Consideration of the Adoption of the 2022 Fulton County Multi-Jurisdictional Hazard Mitigation Plan Pursuant to the Disaster Mitigation Act of 2000

Imani Isaac-White, Section Chief of Emergency Management, Sandy Springs Fire Rescue, presented the 2022 Fulton County Multi-jurisdictional Hazard Mitigation Plan. Hazard mitigation is the effort to reduce loss of life and property by lessening the impact of disasters. It is most effective when implemented under a comprehensive, long-term mitigation plan. State, tribal, and local governments engage in hazard mitigation planning to identify risks and vulnerabilities associated with natural disasters and develop long-term strategies for protecting people and property from future hazard

events. Plans must be developed at the County level and are then adopted by the municipalities within the county. Plans identify potential Hazard Mitigation Actions that would be eligible for funding should a disaster occur and mitigation funds made available. The City is not required to implement any of the Hazard Mitigation Actions identified in the plan. Communities are required by federal guidelines to have a plan in order to apply for or receive a Mitigation Grant. These grants can augment local mitigation activities already being done. Ultimately, these actions reduce vulnerability and communities are able to recover more quickly from disasters. City Staff has worked with the Atlanta-Fulton County Emergency Management to update the county's Multi-jurisdictional Hazard Mitigation Plan. The plan has been approved by the Federal Emergency Management Agency (FEMA) and is ready for adoption by the municipalities within the county.

Typically, plans are updated every five years, but communities were given an extension because of the Pandemic.

Motion and second. A motion was made by Councilmember Melody Kelley, seconded by Councilmember Melissa Mular, to approve adoption of the 2022 Fulton County Multi-Jurisdictional Hazard Mitigation Plan Pursuant to the Disaster Mitigation Act of 2000.

Councilmember Melody Kelley asked to discuss more about the flood mitigation project.

Section Chief Isaac-White replied the Emergency Management office is working in concert with City's sustainability manager on flood mitigation project which is a city simulation of 10-, 20-, and 30-year floods, associated expenses, and impact on traffic and work. Staff is working with ARC to finalize a few items.

Councilmember Kelley asked how erosion and silk buildup are addressed in the Hazard Mitigation Plan.

Section Chief Isaac-White replied erosion and silk buildup are secondary proportion of a natural disaster, and are addressed in a mitigation action plan. Once the Hazard Mitigation Plan is approved, the City may qualify for grant funding to support mitigation action efforts.

Councilmember Kelley asked how can the City increase its mitigation capability status to high.

Section Chief Isaac-White stated the City's mitigation capability status is reliant on the City's mutual aid and ability to respond. The score is representative of Fulton and City resources. Any enhancement would be a joint, multi-jurisdictional effort.

Vote on the motion. The motion carried by unanimous vote.

Resolution No. 2022-11-160

- D. **2022-305** Request for Mayor and City Council Consideration of an Amendment to Chapter 22 (Fire Prevention And Protection) of the Code of the City of Sandy Springs, Georgia to Modify the Provision Pertaining to Penalties for Code Violations; to Modify the Provision Pertaining to Sprinkler Protection; to Delete, Modify and Add Provisions Pertaining to Self-Closing Doors and Non-Combustible Siding in Multifamily Rental Housing; and for Other Purposes

Christopher Campbell, Division Chief - Fire Marshal, Sandy Springs Fire Rescue, presented an amendment to Chapter 22 Fire Prevention and Protection of the Code of the City of Sandy Springs to clarify the requirements for sprinkler protection in existing buildings and to require self-closing doors and non-combustible siding for the common "breeze-way" and or means of egress pathway in multi-family rental housing. It is also recommended to modify provisions pertaining to Penalties for Code Violations. The City of Sandy Springs has traditionally looked at ways of improving the quality-of-life issues for citizens. The Multi-Family Housing (MFH) Ordinance began in 2016 and has greatly impacted the fire and life safety in a positive way. The components of the MFH Ordinance have significantly reduced the number of fires in Sandy Springs therefore saving countless lives. Furthermore, a grammatical error was noticed in Chapter 22-34 that the word "OR" was deleted in which changed the intent of the original ordinance. Rewording the sentence of section 22-34, for clarity purposes, will again strengthen the original intent of the Ordinance and prevent large remodeling/renovation projects from being built without this critical life safety component. To strengthen the penalty section 22-28 of the Code, a modification is needed to prevent commercial property owners from selling a property and not addressing an already written citation for violations.

The City's Multi-Family Housing Ordinance has been successful since its inception in 2016. As enhancements in the industry standard and best practices are identified, it is vital that we adjust the Ordinance to continue to keep our citizens safe. Numerous fires, both locally and nationally, have identified severe life safety risks that will be addressed with the ordinance upgrades to multi-family residential properties. Since the error of 22-34 was noticed, two large renovation projects were allowed to proceed due to the CHANGED definition of the intent of the Ordinance. Furthermore, a recent multi-family residential property was issued 27 citations for code violations and then sold the property two weeks later and before their designated court appearance. Definitions through-out the ordinance to be updated for better understanding and clarity.

The amendments do not place any financial obligation on the City of Sandy Springs. Owners of multifamily rental housing are responsible for any costs associated with conforming to the provisions of the ordinance. In addition, the amendments allow owners a period of up to two years to obtain self-closing doors and up to two years to install non-combustible siding.

Motion and second. A motion was made by Councilmember John Paulson, seconded by Councilmember Jody Reichel, to approve an amendment to Chapter 22 (Fire Prevention And Protection) of the Code of the City of Sandy Springs, Georgia to Modify the Provision Pertaining to Penalties for Code Violations; to Modify the Provision Pertaining to Sprinkler Protection; to Delete, Modify and Add Provisions Pertaining to Self-Closing Doors and Non-Combustible Siding in Multifamily Rental Housing; and for Other Purposes.

Councilmember John Paulson asked why the proposed amendments change "person" to "property owner."

Division Chief Campbell replied often Fire is working with the property manager, but the property owner is ultimately responsible. The property manager is the "agent" of the property, and they are both held accountable.

Councilmember Jody Reichel asked if a property changes owners, is the new owner held accountable. Also, how does Staff know when a renovation is over 50%?

Division Chief Campbell explained the new owner is given some time to bring up facility up to Code. During the plan review phase, Staff evaluates the scope and cost of the project, using tax assessed value.

This threshold triggers bringing the building to current Code. This is common in most cities and counties.

Councilmember Melissa Mular asked how does the City manage and monitor that properties they are in compliance in two years.

Division Chief Campbell advised the City will properties annually. Apartments will be informed of the new ordinance and timelines.

Councilmember Mular asked when there are open citations and the property sales, can the City put a lien against the property.

Dan Lee, City Attorney, stated City does not have the authority by the State legislation to do so. That is why the amendment is adding the property owner. The Fire Marshal's Office and Code Enforcement work to establish rules that are safety-driven, and not too onerous.

Vote on the motion. The motion carried by unanimous vote.

Ordinance No. 2022-11-18

- E. **2022-306** Request for Mayor and City Council Consideration to Authorize the Submission of an Application to the FY 2022 Public Safety and Community Violence Reduction Grant Program

Andrew Spears, Captain, Sandy Springs Police Department, presented a request to submit an application for the Governor's Office of Planning and Budget Public Safety and Community Violence Reduction Grant program. The Governor's Office of Planning and Budget appropriated approximately \$100,000,000 under this Notice of Funding Opportunity (NOFO) to address violent gun crime and community violence that have increased as a result of COVID-19. The City of Sandy Springs (City) experienced an increase in violent crime, most notably homicides and home invasions, during the pandemic. Awards may be made up to \$1,500,000 per entity, which may be applied to one (1) or more of four (4) categories to reduce violence.

The City is eligible to apply for funding under two (2) categories: (1) Law Enforcement Staffing – hire sworn or civilian employees above current staffing numbers; (2) Equipment and Technology – investments in technology and equipment to allow law enforcement to more efficiently and effectively respond to the rise in violence resulting from the pandemic.

The Sandy Springs Police Department (SSPD) proposes to increase staffing in areas that support the Criminal Investigations Division, including the Crime Scene Investigations (CSI) Unit and the Criminal Intelligence Unit (CIU). CIU personnel assist in investigations by reviewing and analyzing technical evidence once it is collected either on the scene of a crime or after technical evidence is retrieved, as well as analyze all crime reports and assist with predicting future crime and hot spot mapping. Due to the technical nature of investigations, the SSPD proposes to add three (3) civilian positions. These positions require technical expertise, and marketing the positions appropriately will assist in more effective investigations.

In addition to increasing law enforcement staffing, the SSPD proposes to include several new technology projects to assist with investigation of violent crimes under the category of Equipment and Technology.

These projects consist of a software application that brings together public records into one platform to conduct research for investigations, additional license plate reader cameras and traffic management cameras where a need has been identified, digital forensic workstations and evidence storage solutions, an upgraded digital forensic phone extraction software program, an upgraded video analysis software program, and required equipment for the new CSI and CIU employee to effectively perform their duties.

The application deadline is November 18, 2022, and all funds must be expended by October 31, 2026.

Match funding is not required or scored in this application and there is no requirement to retain the positions, technology, or equipment. However, preference for being awarded funding may be given to those showing how we plan on retaining the positions, technology, and equipment past the end of the funding period.

Motion and Second. A motion was made by Councilmember Tibby DeJulio, seconded by Councilmember Andrew Bauman, to approve the submission of an application to the FY 2022 Public Safety and Community Violence Reduction Grant Program.

Councilmember Tibby DeJulio asked how many license plate readers and cameras has the City installed and will the proposed technology purchases tie to the Flock system. Does the grant require matching funds?

Captain Spears replied there are 100 cameras throughout the city. There are plans to install another 40. This grant would provide for another 33. All the pieces will be integrated together. The grant program does not require a match, but does require a plan on how to continue at the close of the grant.

Councilmember Andy Bauman asked what is plan to continue at the close of the grant and what are the other two categories that the City is not applying for.

Captain Spears stated Staff is still working on the application and continuity plan, but does hope to continue the program at the close of the grant. The other two categories were geared primarily with schools, jails, etc... and specific technologies.

Vote on the motion. The motion carried unanimously.

Resolution No. 2022-11-161

- F. **2022-307** Request for Mayor and City Council Consideration to Approve a Contract Award to Zaver Enterprises, Inc. to Construct 4711 Northside Drive Drainage Improvement Project and Authorize the City Manager to Execute a Contract

William H. Martin, Jr., AIA, Public Works Director, presented a contract award to Zaver Enterprises, Inc. to Construct 4711 Northside Drive Drainage Improvement Project. In 2021, the City engaged an engineering firm to develop plans for replacement of the damaged or deficient stormwater infrastructure at 4711 Northside Drive. The Project corrects deficiencies in the infrastructure found during the 2021 study and brings the drainage system up to City standards.

The Project consists of:

- Replacing two existing curb inlets with new curb inlets
- Replacing 45' of deteriorating 15" corrugated metal pipe with reinforced concrete pipe
- Removing and replacing an existing stone headwall with a reinforced concrete headwall
- Repairing curb and gutter
- Replacing 58 square yards of asphalt pavement to provide proper surface drainage

On August 31, 2022, the City issued an Invitation to Bid ("ITB") seeking bids from qualified contractors to construct the Project. Bids from two (2) contractors were received on September 29, 2022. Bid results were:

Bidder	Bid
Zaveri Enterprises, Inc.	\$175,190.40
Site Engineering, Inc.	\$389,884.00

The engineer's construction cost estimate for the Project is \$101,244.00. There are adequate funds available in the Stormwater Capital Maintenance and Improvements Account budget to award this contract.

Upon review of the bids, staff recommends that award be made to the lowest most responsible and responsive bidder, Zaveri Enterprises, Inc. in the amount of \$175,190.40.

Motion and second. A motion was made by Councilmember Andrew Bauman, seconded by Councilmember Tibby DeJulio, to approve a contract award to Zaveri Enterprises, Inc. to Construct 4711 Northside Drive Drainage Improvement Project and authorize the City Manager to execute a contract.

Councilmember Andy Bauman asked what is the difference between the bidders' pricing.

Public Works Director Martin stated the difference in pricing is a sign of the market times. There are some material pricing increases because of lack of material availability too. This is a relatively small project. For the engineer's estimate, the Consultant used the Georgia Department of Transportation's Mean Summary, based on a history of larger highway project, which does not necessarily reflect current market conditions.

Councilmember Tibby DeJulio asked given inflation, how old is the engineer's cost estimate. Could it have been impacted by inflation.

Public Works Director Martin replied the estimate is fairly fresh. But with only two bidders, the size of the work really limits the appeal of the work to only certain contractors.

Vote on the motion. The motion carried by unanimous vote.

Resolution No. 2022-11-162

G. **2022-308** Request for Mayor and City Council Consideration of the Acceptance of an Agreement to Purchase Real Estate on That Tract of Land in Land Lot 16 of the 17th District, City of Sandy Springs (Tax ID# 17-0016- LL-177-6); T-

0060/PATH 400 Trail Extension Project

William H. Martin, Jr., AIA, Public Works Director, presented an agreement to purchase real estate on 5450 Meridian Mark Road in Sandy Springs, Georgia on Land Lot 16 of the 17th District, City of Sandy Springs (Tax ID# 17-0016- LL-177-6) for the T-0060/PATH 400 Trail Extension Project. The acquisition of 9,938.92 square feet of Fee Simple Right of Way on the subject property is necessary in order to construct the T-0060 /PATH 400 Trail Extension Project. The City's Appraised Fair Market Value offer was \$367,800. City Staff and the Hospital Authority's representatives have come to an amicable agreement in the amount of \$372,300. The representatives for the Hospital Authority submitted a list of other comparable sales in the area as support for their settlement proposal. The comparables submitted were reviewed by Staff, who then consulted with the City's appraiser, and were deemed acceptable and therefore the increase above the appraised FMV offer of \$4,500 was considered reasonable.

Additionally, the representatives for the Hospital Authority did submit a list of conditions they wished to be connected to the proposed agreement. Those conditions were reviewed and negotiated by Staff and as a result, the final draft of conditions is considered reasonable and acceptable. Staff hereby recommends acceptance and approval of the agreement.

Sufficient funds are available in Project T-0060 PATH 400 Trail Extension Project for this acquisition. This Project contains FHWA/GDOT funding and the City has entered into a contract with GDOT to be reimbursed for Right of Way Acquisition costs for the Project. The maximum amount of reimbursement is \$688,000. This is the fourth Agreement reached on the project and this amount of \$372,300 is fully eligible for reimbursement.

Motion and vote. A motion was made by Councilmember Tibby DeJulio, seconded by Councilmember Jody Reichel, to approve the acceptance of an agreement to Purchase Real Estate on that tract of land in land lot 16 of the 17th District, City of Sandy Springs (Tax ID# 17-0016- LL-177-6); T-0060/PATH 400 Trail Extension Project. The motion carried by unanimous vote.

Resolution No. 2022-11-163

X. Reports

A. 2022-309 Mayor and Council Report

Mayor Rusty Paul reported Fulton County Schools Superintendent Mike Looney attended the recent North Fulton Mayors Meeting. He asked where are the Cities in approving the Memorandum of Understanding with the School Board. There are several things that the School Board is asking that the Cities can not comply with. There is a clear definition as to who is responsible for what in the MOU, but Cities need to complete and formalize the arrangements.

Eden Freeman, City Manager, stated Staff is working with the School Board's attorneys. None of the North Fulton Cities have executed the MOU. In the MOU, there is a request that SSPD not write tickets to School Board vehicles. The City cannot do that.

Mayor Paul reported some progress has been made. There may soon be a resolution, and the City could possibly hear something in the next few days. There is still a lot of work to do.

Councilmember Andy Bauman asked for an update on the gun violence project.

City Manager Freeman advised there is a planned update at the December 6 City Council Meeting.

B. 2022-310 Staff Reports

There were not staff reports.

XI. Executive Session

Motion and vote. A motion was made by Councilmember John Paulson, seconded by Councilmember Tibby DeJulio, to suspend the regular order and enter executive session for the purposes of real estate and litigation discussions. The motion carried by unanimous vote.

Passed Yes 6, No 0, Abstained 0

Yeas: John Paulson, Melody Kelley, Melissa Mular, Jody Reichel, Tibby DeJulio, Andrew Bauman

Nays: None

The executive session began at 8:12 p.m.

Motion and vote. A motion was made by Councilmember Tibby DeJulio, seconded by Councilmember Melody Kelley, to adjourn the executive session and return to regular order. The motion carried by unanimous vote.

Passed Yes 6, No 0, Abstained 0

Yeas: John Paulson, Melody Kelley, Melissa Mular, Jody Reichel, Tibby DeJulio, Andrew Bauman

Nays: None

The executive session ended at 9:07 p.m.

XII. Adjournment

Motion and vote. A motion was made by Councilmember Tibby DeJulio, seconded by Councilmember Andrew Bauman, to adjourn the meeting. The motion carried by unanimous vote.

The meeting adjourned at 9:07 p.m.

Approved: November 15, 2022

Russell K. Paul, Mayor

Raquel D. González, City Clerk
