CITY CLERK'S OFFICE

TO: Eden Freeman, City Manager
FROM: Raquel Gonzalez, City Clerk
DATE: October 10, 2023 Submission for the October 17, 2023 City Council Meeting
ITEM: Request for Mayor and City Council Consideration of the Adoption of the City of Sandy Springs 2024 City Council Meeting Schedule

Recommendation:

Staff recommends the City Council adopt a 2024 City Council Meeting schedule.

Background:

O.C.G.A. 50-14-1(d) requires that every municipality prescribe the time, place, and dates of regular meetings of the local governing authority. Such information must be published and available to the general public. Local governing authorities are not precluded from canceling or postponing any regularly scheduled meeting.

In 2012, the Council amended its Rules and Procedures, noting the City Council will regularly meet at 6:00 p.m. on the first and third Tuesday of each month (Resolution No. 2012-08-56). Traditionally, the City Council has met regularly only on the first and second Tuesday of each month.

Discussion:

The proposed 2024 City Council Meeting Schedule is based on holding City Council Work Sessions and Regular City Council meetings at 6:00 p.m. on the first and third Tuesday of every month.

A few notes for consideration:

- The presented schedule does not recommend that the City Council meet on Tuesday, July 2, 2024, as the Council has traditionally opted not to meet the first Tuesday in July.
- Additionally, the proposed meeting schedule recommends that the August 6, 2024 City Council Meeting begin at 5:00 p.m. so as to allow for meeting attendees to enjoy National Night Out festivities when the meeting adjourns.

Financial Impact:

There is no financial impact.

Alternatives:

The City Council could choose to amend the recommended 2024 meeting schedule.

DATE: September 18, 2023 Submission for the October 17, 2023 City Council Meeting
ITEM: Request for Mayor and City Council Consideration of Approval to Declare as Surplus Certain Property Owned by the City and Directing Disposal of the Same

Recommendation:

Staff recommends the Declaration of Certain City Property listed in Exhibit A as Surplus and authorization for the City Manager to approve the disposition of said Surplus, subject to approval of the City of Sandy Springs ("City") Legal and Finance Departments.

Background:

When the Code of Ordinances of the City of Sandy Springs were established, it allowed that the under the supervision of the City Manager, the City Purchasing Agent should arrange and negotiate for the sale or otherwise disposal of all surplus equipment and supplies or real estate of the City or any using agency (Section 2-334. Purchasing Agent). Sandy Springs Purchasing Policy requires all Departments to report all surplus or obsolete goods to the Purchasing Agent; and that they be declared Surplus by Mayor and City Council.

Discussion:

The Surplus consists of goods from the following Departments as listed in Exhibit A:

- Public Works
- IT

Upon review of the goods listed in Exhibit A, staff recommends that they be declared Surplus and for the Purchasing Agent under the supervision of the City Manager to dispose of surplus property in a manner as is determined to be the most advantageous method of disposing the goods, including transfer; donation; recycle; trade-in; and/or sale.

Financial Impact:

All equipment is used and is sold as is with no warranty expressed or implied. The goods listed for Surplus in Exhibit A represent a limited dollar value for the City.

TO: Eden Freeman, City Manager
FROM: William H. Martin, Jr., AIA, Public Works Director
DATE: September 19, 2023 Submission for the October 17, 2023 City Council Meeting
ITEM: Request for Mayor and City Council Consideration to Authorize the City Manager to Execute Change Order 1 to Amend the Existing Contract with Atkins North America, Inc. as it Relates to the Roberts Drive Sidepath Scoping Study Project

Recommendation:

City Staff recommends that Council authorize the City Manager to execute a Change Order amending the existing Contract with Atkins North America, Inc. ("Atkins") to provide additional scoping design services as it relates to the Roberts Drive Sidepath Scoping Study Project (Project No.: S2131-1) (the "Project").

Background:

Atkins was awarded a contract in the amount of \$141,436.15 to conduct a scoping study for the proposed sidepath, particularly the sidepath alignment. Factors to be considered included topography, right-of-way, drainage, environmental impacts, safety, utilities, and cost. Two alternatives were to be prepared by the Consultant.

Discussion:

After reviewing the initial two alternative alignments and proposed project phasing limits, City Staff recommends that additional alignments be considered to better address the needs of pedestrians, cyclists, the City, and the Island Ford Unit of the Chattahoochee River National Recreation Area. The additional alternative alignment would limit disturbance to the Park but would require additional mid-block crossing analysis and revisions of cost estimates. Additionally, City Staff recommends acquisition of perspective renderings, which were not included in the original scope of work.

Additional Scope	Proposed Fee
Sidepath Alignment Alternative and Changes	\$25,000.00
3D Graphics and Renderings	\$15,000.00
Update Cost Estimate and Report	\$16,000.00
Additional Project Coordination	\$4,500.00
Additional Expense	\$450.00
Total	\$60,950.00

Financial Impact:

The total proposed fee for this current Change Order is \$60,950.00. The original contract fee was \$141,436.15. This Change Order will bring the amended total Contract value to \$202,386.15. There are sufficient funds in Project S2131-1 to award Change Order One.

Alternatives:

The City Council may choose not to approve Change Order One from Atkins North America, Inc. as submitted, and Staff could advertise these services to obtain proposals from other consultants.

DATE: September 21, 2023 Submission for the October 17, 2023 City Council Meeting

ITEM: Request for Mayor and City Council Consideration of an Amendment to the FY2024 Budget to Fund the Utility Relocation Costs Associated with the Johnson Ferry Road and Mount Vernon Highway Improvement Project (TS-191)

Recommendation:

Staff recommends that Council authorize the Budget Amendment for CC006 to fund the utility relocation costs associated with the Johnson Ferry Road and Mount Vernon Highway Improvement Project (TS191).

Background:

The utility coordination phase has been determined as an opportunity to highlight the planned Veterans Park, which will encompass the Roswell Road Triangle at the intersection of Johnson Ferry Road and Mt Vernon Highway to the Sandy Springs Library. To optimize the aesthetics of the Veterans Park and to supplement the aerial-to-underground improvements already implemented for the City Springs development, the City of Sandy Springs has coordinated with all aerial utilities for the development of an “aerial-to-underground” plan. In order for all of the poles to be removed, all utilities that are aerial need to be relocated underground.

Originally, CC006 was budgeted to include the electrical work associated with the TSPLOST project. However, it made the most sense to include all the utility work associated with the TSPLOST project under project CC006 to help with control. Additionally, moving the cost of utilities to project CC006 will free up funding under the TSPLOST 2016 program for the actual construction of the TS191 project.

Discussion:

Budget Amendment Request

Total Requested Amount: \$440,000.

- Below are the estimated remaining costs associated with aerial-to-underground utility relocation for the Johnson Ferry Road and Mount Vernon Highway improvement project:
 1. AT&T aerial-to-underground relocation: \$200,000 (estimated)
 2. Comcast aerial-to-underground relocation: \$240,000

Financial Impact:

The amount proposed to be transferred from Capital Contingency (CC9999) to Project CC006 is \$440,000. There is adequate funding available in Capital Contingency to fund the utility relocations associated with aerial-to-underground utilities.

Alternatives:

The City could decide not to fund the utility relocations associated with the aerial-to-underground utilities and redesign to leave the utility poles above ground in the Triangle Park Area.

ITEM: Request for Mayor and City Council Consideration to Approve an Agreement with Comcast Cable Communications for Aerial-to-Underground Utility Relocation as it Relates to the Johnson Ferry Road and Mount Vernon Highway Intersection Improvements Project and Authorizing the City Manager to Execute the Same

Recommendation:

City Staff recommends that Council approve the Agreement with Comcast Cable Communications ("Comcast") for aerial-to-underground utility relocation as it relates to the Johnson Ferry Road and Mount Vernon Highway Intersection Improvements Project (Project No. TS191) (the "Project").

Background:

On September 4, 2018, the City Council for the City of Sandy Springs (the "City") voted to move forward with the Compressed Grid design for this project. The Project is currently in Right-of-Way Acquisition, Utility Relocation and Construction Bidding phases.

The utility coordination phase has been determined as an opportunity to highlight the design planned for Veterans Park, which will encompass the Roswell Road Triangle, at the intersection of Johnson Ferry Road and Mount Vernon Highway to the Sandy Springs Library. To optimize the desired aesthetics for Veterans Park, and to supplement the aerial-to-underground improvements already implemented for the City Springs development, the City has coordinated with Comcast for the development of an "aerial-to-underground" plan for preexisting telecommunication lines. In order for all of the poles to be removed, all utilities that are aerial need to be relocated underground, including Comcast.

Discussion:

The Aerial-to-Underground Utility Relocation effort for Comcast consists of implementing the preliminary engineering design. Comcast will follow the trench plan established by Georgia Power. The aerial-to-underground plan for the distribution poles and lines is essential to both executing the TSPLOST-funded transportation project, TS191, and in creating Veterans Park. Once Georgia Power completes the construction of the trench, Comcast will relocate their overhead infrastructure underground bringing the distribution poles one step closer to being removed.

Financial Impact:

The cost of the Aerial-to-Underground Utility Relocation effort is \$239,998.00. There is adequate funding in Project CC006 to fund the utility relocations.

Alternatives:

Council may choose not to approve the Agreement with Comcast and, the City could redesign the Project to leave the utility poles above ground in the area surrounding the future sight of Veterans Park.

TO: Eden Freeman, City Manager
FROM: William H. Martin, Jr. AIA Public Works Director
DATE: September 27, 2023 Submission for the October 17, 2023 City Council Meeting
ITEM: Request for Mayor and City Council Consideration of Acceptance of an Agreement to Purchase Fee Simple Right of Way, Permanent Drainage Easement and Temporary Construction Easement on Property Located at 325 Hammond Drive in Land Lot 70 of the 17th District, City of Sandy Springs (Tax ID# 17-0070-LL063-8)

Recommendation:

Staff recommends that the Mayor and City Council accept an Agreement to Purchase Fee Simple Right of Way, Permanent Drainage Easement and Temporary Construction Easement on that tract of land lying and located in Land Lot 70 of the 17th District, Fulton County, Georgia. The property is owned by Turnbull Associates, LLLP, and is located at 325 Hammond Drive, Sandy Springs, Georgia, as shown in the attached exhibits.

Background:

The acquisition of 1,130.03 square feet of Fee Simple Right of Way, 857.37 square feet of Permanent Drainage Easement, and 1,912.30 square feet of Temporary Construction Easement on the subject property is necessary in order to construct the T-0058-1 Boylston Drive at Hammond Drive Intersection Improvements/Streetscape Project.

Discussion:

The City's Appraised Fair Market Value offer was \$161,900.00. After amicable negotiations, Staff has reached a settlement in the amount of \$169,700.00 with the property owners. Included in the City's offer was mitigation compensation, also known as a "Cost to Cure", in the amount of \$74,193.00. This is due to the project's negative impact on the parking lot and ornamental landscaping frontage along the parcel's impacted roadway frontages. The property owner countered the City's offer while seeking an additional \$7,800.00 in Cost to Cure compensation. The settlement has been reviewed and deemed reasonable.

Financial Impact:

Sufficient funds are available in Project T-0058-1 Boylston Drive at Hammond Drive Intersection Improvements/Streetscape Project for this acquisition.

Alternatives:

The acquisition reflects the minimum amount of right-of-way required in order to deliver the desired project. The City can decline to execute the ROW Agreement and not execute the project as designed.

ITEM: Request for Mayor and City Council Consideration to Approve a Contract Award to SCA Construction to Construct the 5185-5200 Falcon Chase Lane Pond Rehabilitation Project

Recommendation:

City Staff recommends contract award be made to SCA Construction (“SCA”) for the construction of a stormwater drainage improvement project as it relates to the Falcon Chase Lane Pond and Pipe Rehabilitation Project (the “Project”).

Background:

In 2021, the City of Sandy Springs (the “City”) engaged an engineering firm to develop plans for the removal of accumulated sediment and pipe rehabilitation of the stormwater pond located at 5185 Falcons Chase Lane and 5200 Falcon Chase Lane. The Project aims to restore diminished capacity inside the detention pond and rehabilitate the existing infrastructure studied and to bring the drainage system up to City standards. The Project scope consists of:

- Remove and haul off 470 cubic yards of accumulated sediment.
- Repair existing inlet flume.
- Install 12” pipe and headwall.
- Improve existing outlet control structure.
- Install overflow weir trash rack.
- Rehabilitate outlet pipe using Spincast method and spot repair with injection grouting.
- Install new chain-link fence and gate.

Discussion:

On August 9, 2023, the City issued an Invitation to Bid (“ITB”) 24-010 seeking bids from qualified contractors to perform construction services for the Project. Purchasing conducted a non-mandatory pre-proposal meeting on August 17, 2023. The following three (3) responses were received by the September 18, 2023, deadline:
